“ Olga brings a spark to every conversation and presentation she delivers. She has a way of getting her point across in a no nonsense clear precise way. She has you thinking outside the box and inspires and motivates you to see the potential in every situation and yourself. The presentation she delivered to the California Women's Conference 2012 was well received and earned great applause. Her wisdom never fails to provide relevant information and because of her clarity, she helps others see their potential. I am proud to know Olga. She adds value to any conference or speaking event. **less**

“ Olga and I both served on the Women's Business Council through the Long Beach Chamber of Commerce as board members. Olga brought new and fresh ideas to the organization and the online media being used. I experienced a proactive and engaged board member who brought forward great results with a smile.
